Re: Imposed Tariffs Surcharge

To: Our Valued Customers

First and foremost, thank you for continuing to partner with us through the years and allowing us to serve your commercial door closer, hardware and glass needs.

As you have heard, international imports have been subject to an additional 10% tariff on top of the standard rates previously applied. It does not appear these percentages will decrease any time soon. This alarming trend appears here to stay and could rise in the coming months.

Unfortunately, due to the factors mentioned above, the 10% special tariff imposed on October 1, 2018 can no longer be fully absorbed. It is proven too costly to bear solely. Therefore, International Door Closers, Inc will be forced to implement a 6% Tariff Surcharge on all orders received on or after January 2, 2019.

Our most current Price Book is available on our website <https://www.intldoorclosers.com/> or by email request.

If you have any questions, please feel free to contact your Sales Representative or give us a call here at the office. Once again, thank you sincerely for your partnership and for allowing us to provide you with the best quality of products and best customer service. We look forward to doing continued business with you in the future.

Respectfully,

Monica Linder
Owner -President
